LEARNING THROUGH PLAY

## COMPLETING EACH EXERCISE

- You will find instructions on how to complete each activity on your library's blog
- Your blog is where you will complete each activity from
- On your blog, enter the name of the topic above each activity you are completing (eg Topic 5: flickr) This enables your progress through the program to be tracked effectively
- Aim to write at least 100 words about each activity - this might include your comments on the technology you are looking at or how you think it may or may not apply to your library.

## PROGRESS REPORTS

- Weekly progress reports will be sent to you via email
- Progress reports along with hints and tips on completing the weekly activities will also be posted to the Public Libraries blog at: <http://publibraries.blogspot.com/>
- You may notice comments and words of encouragement on your blog as you progress through the activities
- Feel free to comment on the Public Libraries blog, your library blog or other participants' blogs
- A list of participant blogs for every library service will appear on your library's blog
- Remain anonymous by choosing a generic name for your blog and hiding your user profile.

Check your progress and that of your colleagues by visiting the staff tracking log linked from your library blog.

Only names, not blog profiles appear.
