 Join us for a day of family fun at Edendale's Practically Green Festival.

This free day out has something for all ages from workshops on practical steps you can take to green your lifestyle to mudbrick building demonstrations, music and children's activities. There's also a range of yummy food and wine.

Tempted? find out what's on and when, so you can plan your day.

We look forward to welcoming you.

**music**

Civic Drive, Greensborough

 Free event

Limited car parking is available so attendees are encouraged to catch a train to Eltham station and catch the shuttle bus or ride their bike to the festival. Supervised bike parking will be available on the day, with all bike riders going into the draw to win some great prizes donated by Montmorency Bike Shop!

Austral Adrian	3.15		

**1.30pm – 2.15pm** Paula and Catherine  
 Gibson Roy of Construction Queen

Paula and Catherine will discuss the  
 key challenges of sustainable building  
 design and construction in the urban  
 fringes. They will touch on the role of  
 home owners, building designers and  
 the construction industry with regard to  
 responsible use of building materials.

**2.30pm – 3.15pm** Michael Pearce  
 of DesignInc

Michael will be discussing the holistic  
 approach of sustainable building  
 design in terms of Biomimicry.  
 A design approach that copies the  
 processes in nature, a unique approach  
 to architecture that greatly enhances  
 conventional design.

## All day activities
